

TECHNOLOGY GOALS

To facilitate the infusion of effective, existing, and emerging technologies, throughout all aspects of our educational community, in order to enhance learning opportunities for all students, to promote life-long learning for all members of the Golden Grove Elementary community, and to support the effective use of resources.

Why should you select Golden Grove Elementary?

OUR SCHOOL GRADE

We opened our doors in 1997 and we are continually an "A" rated school!

WE ARE A FIVE STAR SCHOOL

The Five Star School Award designates and recognizes schools that have total community involvement.

We have been awarded this prestigious distinction for 17 years!

Only 81 schools in our entire school district received the Five Star Award for the 2014-2015 school year.

What can I expect my child to know by the end of...
